CAR CARE**

Products for professionals

## Description:

Splash Shampoo is a foaming, cleansing car shampoo that leaves a deep shine and water repellent result.

## Product benefits:

- ✓ Active foaming cleaning
- ✓ Deep gloss and protection
- ✓ Built in rinse aid producing a water beading effect
- ✓ Makes the drying process afterwards easier
- ✓ Pleasant scent

## Application:

Cartec Splash Shampoo is used on all exterior parts of the vehicle to remove the static dirt. Ideal product for manual washing of cars, vans, trucks and caravans.

## Instructions for use:

**⚠** Do not let the product dry. Make sure that gross contamination is removed from the vehicle before hand washing. To remove gross contamination, use a Cartec pre-cleaner, such as Cartec Twister Comfort (1407).

1. Mix Cartec Splash Shampoo 1:80 with clean water in the transparent Cartec bucket (3051/5), including the Dirt Lock Bucket Siever (3051/6).
2. Wash the vehicle from top to bottom with a washing mitt (3120/28). Between washing, dip the wash mitt into the full bucket regularly.
3. After washing, rinse immediately with clean water.
4. Dry the car with the PVA microfibre chamois (3009/02) or the Cartec Aqua Drying Towel (3317/50) to avoid staining the paintwork.

## Tips & Tricks:

- ✓ Cartec Splash Shampoo also works very well in combination with a foam lance (3117/60). Fill the cup with the product and lather the vehicle. Then proceed to wash the vehicle with a wet washing mitt (3120/28).
- ✓ Preferably rinse the vehicle with osmosis water to avoid calcium stains.
