Products for professionals

Description:

Interior Cleaner is a highly concentrated product for cleaning the entire interior of the car.

Product benefits:

- ✓ Powerful cleaner for entire interior
- ✓ Does not leave a white residue after drying
- ✓ > 95% biodegradable
- ✓ Fresh scent

Application:

Cartec Interior Cleaner is used on soiled seat upholstery, dashboard, door panels and other interior parts to easily remove dirt, oil, grease and nicotine deposits.

Instructions for use:

⚠ Always test the product in an inconspicuous place before use to prevent possible damage.

1. Dilute pure up to 1:10 with water according to contamination. Apply with a pressure pump or sprayer to the parts to be cleaned.
2. Allow to dwell for 1 to 3 minutes and rub in with the Cartec Soft Interior Brush (3038/01) or the Cartec microfibre glove (3043/8).
3.
 - a. When using a microfibre cloth (such as 3317/51), wet the cloth thoroughly and rub the surface until the soap residue has disappeared. Then rub again with a dry, clean cloth.
 - b. When using an extraction machine (only for on upholstery): Rinse with clean water and vacuum so that the soiling is completely removed.
4. Let the surface dry.

Tips & Tricks:

- ✓ Post-treat the cleaned plastic parts for a nice and even 'finish' with a Cartec Cleaning Gun (3119/01) filled with clean water. Run immediately after with a clean cloth and then blow dry with air.
- ✓ Car mats are easily cleaned with a Cartec Cleaning Gun (3119/01) filled with Cartec Interior Cleaner.
- ✓ For steering wheels and hard-to-reach spots, use the Cartec detailing brush (3039/10).
